INTRODUCTORY SECTION

CITY OF ALBERT LEA ALBERT LEA, MINNESOTA

FOR THE YEAR ENDED DECEMBER 31, 2023

June 16, 2024

To the Honorable Mayor and Members of the City Council and Citizens of the City of Albert Lea, Minnesota

State statutes require that within six months of the close of the fiscal year the City publish a complete set of audited financial statements. This report is published to fulfill that requirement for the fiscal year ended December 31, 2023.

Management assumes full responsibility for the completeness and reliability of the information contained in this report based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. BerganKDV, Certified Public Accountants, have issued an unmodified ("clean") opinion on the City of Albert Lea's financial statements for the year ended December 31, 2023. The independent auditors' report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditors' report and provides a narrative introduction, overview, and analysis of the basic financial statements. The analysis complements this letter of transmittal and should be read in conjunction with it.

#### **Profile of the Government**

The City of Albert Lea, incorporated in 1878, is located at the crossroads of interstate highways I-90 and I-35. It is a diversified regional industrial, agricultural, retail, medical, and tourism center. The community is historic by Minnesota standards including a downtown designated as a National Commercial Historic District, with approximately 115 buildings in the District. We are approximately 100 miles south of the Twin Cities and only ten miles from the Iowa border. We are referred to as the "land between the lakes" as we are surrounded by several beautiful lakes. Our city currently occupies over 13 square miles and serves a population of 18,492. The City of Albert Lea is empowered to levy a property tax on both real and personal property located within its boundaries. These boundaries continue to increase through annexations as the City continues to develop.

The City of Albert Lea, a charter city since 1932, operates under a council-manager form of government. Policy-making and legislative authority are vested in a governing council (Council) consisting of a mayor and six other members, all elected on a non-partisan basis. The Council appoints the manager, who in turn appoints the heads of the various departments. Council members serve four-year terms, with three members elected every two years. The mayor is elected for a four-year term. The mayor is elected at large, and the members of the Council are elected by ward.

#### **Profile of the Government (Continued)**

The City provides a full range of services. These services include police and fire protection, the construction and maintenance of streets and other infrastructure, and other recreational and cultural activities. The City also provides water and sewer services along with the operation of a transfer station. The financial reporting entity (the City) includes all the funds of the primary government (i.e., the City of Albert Lea as legally defined), as well as its component units. A component unit is a legally separate entity for which the primary government is financially accountable. The Albert Lea Port Authority and Albert Lea Housing and Redevelopment Authority are included as discretely presented component units.

The Council is required to hold a Truth in Taxation meeting in early December of each year. Following this meeting, they are required to adopt a budget and certify their levy by December 28 of each year. This annual budget serves as the foundation for the City of Albert Lea's financial planning and control. The budget is prepared by fund, function (i.e., public works) and department (i.e., snow & ice removal). Department heads may use resources within a department as they see fit. Transfers between funds, however, need special approval from the Council.

#### **Local Economy**

The City of Albert Lea continues to experience growth. Our greatest needs are housing, infrastructure and childcare. Continued economic growth requires growth in the work force population. Housing and daycare that are affordable are vital to expand options of those interested in joining the work force.

In 2023, the City extended a housing incentive agreement with a developer to provide 50 plus units in an old commercial building. The City applied for grants to clean up City locations for the purpose of housing and drafted tax increment financing incentives to assist in the development. The City directly repaired then sold houses or repaired and assessed houses to improve housing stock and opportunity. The City is exploring options to prompt new construction on empty lots for infill housing within established and central neighborhoods.

The City, along with other partners, have met with different agencies to resolve daycare availability and expand availability in a manner that is affordable. Staff efforts and the efforts of local partners are on going in attracting new businesses and industry to the area.

#### **Long-Term Financial Planning**

In the past few years, the City has become proactive in its approach and has made changes in fund accounting, fund balance policies, and long-term planning (including a Financial Management Plan and Facilities Master Plan) that are resulting in stronger financial sustainability. The City has well-prepared itself for any possible reductions from the state or other revenue sources, which could potentially negatively impact the City's abilities to meet service demands. Due to strong long-term financial planning, the City has kept its operating tax levy relatively flat for nine consecutive years to which increases in tax revenues have come from increases in growth and value.

Unrestricted fund balance in the General Fund is within the recommendation by the Office of the State Auditor. It is recommended that the City maintain a balance between thirty and fifty percent of next year's expenditures.

#### **Long-Term Financial Planning (Continued)**

The City has always chosen to be conservative in the levels of assigned and unassigned fund balance it maintains and strives to be at a total forty-five percent of next year's expenditures in these categories. The City intends to continue that approach until it is once again maintaining fund balance levels in excess of the recommendation of the Office of the State Auditor. Included as part of the City's mission, vision and values is the value of integrity. The City will adhere to the highest standards of fiscal responsibility and ethical conduct in a manner that inspires public confidence and trust.

#### **Major Initiatives**

The City continued to upgrade its infrastructure through neighborhood improvement projects. Last major throughway was reconstructing Main Street in 2022 and added a trail along the road for more transportation options. More neighborhood focused projects are underway as is a lead water service line replacement plan for 2024 and 2025. We are looking at the impacts on inflow and infiltration as well as chloride in our sanitary sewer system.

The City's biggest initiatives remain developing the Blazing Star and improvements to the waste water treatment facility. The Blazing Star site is along Main Street and Garfield, and staff continue to work to dispose City owned properties for redevelopment opportunities. Continued grant efforts for remediation costs to remove soil contaminations is necessary for success of full redevelopment.

Staff are working with state legislators on funding for the reconstruction of the waste water treatment facility and reduce the amount of phosphorus in the Shell Rock River. This project is an estimated \$80 million dollars in construction. City staff are also working with Federal legislators on funding certain portions of the project within the Direct Congressional Appropriations process. The 2023 application has been approved for \$1,000,000 and staff have submitted a second request for more direct funding.

Albert Lea voters approved up to \$9.8 million in funding in a referendum on April 9, 2024, to improve the City Arena, Marion Ross Theater, Aquatic Center and Splash Pad. The vote was 1,849 "yes" to 600 "no." The majority of projects will take place at the City Arena, including a new refrigeration system for both rinks and replacing the floor of the Colstrup rink. Theater projects include new front doors and windows, along with other HVAC work. Projects at the pool include replacing boilers, water heaters and the electrical system. The lighting at all three facilities will be replaced with LEDs. The project at the Splash Pad will be public restrooms for the downtown area and Blue Zones Walkway.

A volunteer group has raised enough money to start building a \$1.2 million Inclusive Playground at Edgewater Park. The City of Albert Lea is contributing \$350,000 and in-kind services. The playground is designed for people of all abilities, including those who use wheelchairs or are on the autism spectrum. Groundbreaking is set for July 10, 2024. The City of Albert Lea will assume ownership of the playground, including long-term maintenance and replacement.

#### **Awards and Acknowledgements**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Albert Lea for its Annual Comprehensive Financial Report for the year ended December 31, 2022. This is the fortieth consecutive year (1983-2022) that the City of Albert Lea has received this prestigious award.

#### **Awards and Acknowledgements (Continued)**

all In

In order to be awarded a Certificate of Achievement, the government must publish an easily readable and efficiently organized Annual Comprehensive Financial Report (ACFR) that satisfies both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement Program requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

I express my sincere appreciation to the Finance Department who assisted and contributed to the preparation of this report. Credit is also due to the auditing firm of BerganKDV for their valuable contributions and advice. I would also like to thank the Mayor and City Council for their continued leadership and commitment to long-term financial planning and for supporting annual operations in a responsible and progressive manner.

Respectfully submitted,

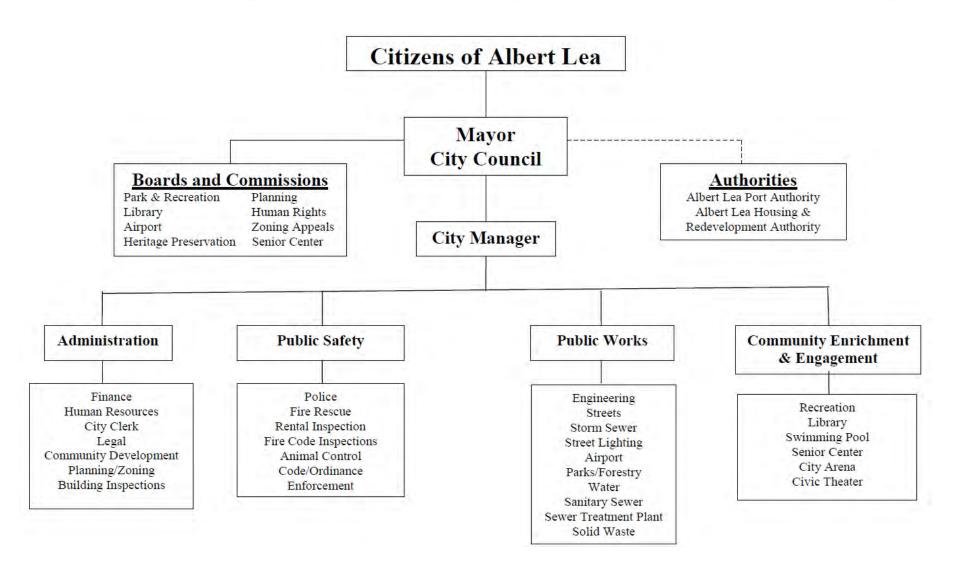

Patrick Ian Rigg City Manager

FINANCIAL SECTION

CITY OF ALBERT LEA ALBERT LEA, MINNESOTA

FOR THE YEAR ENDED DECEMBER 31, 2023

#### Independent Auditor's Report

Honorable Mayor and Members of the City Council City of Albert Lea Albert Lea, Minnesota

#### Report on the Audit of the Financial Statements

#### Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Albert Lea, Minnesota, as of and for the year ended December 31, 2023, and the related Notes to Basic Financial Statements, which collectively comprise the City's basic financial statements as listed in the Table of Contents.

In our opinion, based on our audit and the reports of other auditors, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Albert Lea, Minnesota, as of December 31, 2023, and the respective changes in financial position and, where applicable, cash flows thereof, and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of City of Albert Lea and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibilities of Management for the Financial Statements

The City of Albert Lea's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about City of Albert Lea's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- ♦ Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- ◆ Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Housing and Redevelopment Authority of the City of Albert Lea, which is a discretely presented component unit of the City, as of and for the year ended March 31, 2023. We did not audit the financial statements of the Port Authority of the City of Albert Lea, which is a discretely presented component unit of the City. Those financial statements were audited by other auditors whose reports thereon have been furnished to us and our opinion insofar, as it relates to the amounts presented for the discretely presented component units mentioned above, are based on the reports of the other auditors.

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, which follows this report letter, and Required Supplementary Information as listed in the Table of Contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board (GASB), who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the Required Supplementary Information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Albert Lea's basic financial statements. The accompanying supplementary information identified in the Table of Contents is presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Information

Management is responsible for the other information included in the Annual Comprehensive Financial Report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 16, 2024, on our consideration of the City of Albert Lea's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Albert Lea's internal control over financial reporting and compliance.

Bergan KOV, Ltd.

Minneapolis, Minnesota June 16, 2024

As management of the City of Albert Lea, Minnesota (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2023. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found starting on page 3 of this report.

#### FINANCIAL HIGHLIGHTS

- ◆ The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$155,644,524 (net position). Of this amount, \$24,575,416 (unrestricted net position) may be used to meet the City's ongoing obligations to citizens and creditors.
- ◆ The net position of business-type activities increased by \$698,941 and net position of the governmental activities increased by \$500,997. This resulted in a total net position increase of \$1,199,938 for the City.
- ◆ As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$28,644,732, an increase of \$809,654 from the prior year.
- ◆ At the end of the current fiscal year, unassigned fund balance for the General Fund was \$9,316,135. The City's policy is to maintain a minimum of 45% of the following year's budget in unassigned fund balance. At year end, the unassigned fund balance is 47% of the 2024 budgeted General Fund expenditures and transfers out, \$369,100 more than the required amount.

#### OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplemental information in addition to the basic financial statements themselves.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of "combining and individual fund financial statements and schedules" that further explains and supports the information in the financial statements. Figure 1 shows how the required parts of this annual report are arranged and relate to one another. In addition to these required elements, we have included a section with "combining and individual fund financial statements and schedules" that provide details about nonmajor governmental and nonmajor proprietary funds, which are added together and presented in single columns in the basic governmental financial statements and proprietary statements, respectively.

#### OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

The following chart shows how the various parts of this annual report are arranged and related to one another:

Figure 1

Required Components of the City's Annual Financial Report Management's Basic Required Supplementary Discussion and Financial Analysis Statements Information

Government-Notes to the Fund wide Financial Financial Financial Statements Statements Statements Summary Detail

Figure 2 summarizes the major features of the City's financial statements, including the portion of the City government they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explain the structure and contents of each of the statements.

Figure 2 Major Features of the Government-wide and Fund Financial Statements

		Fund Financial Statements					
	Government-Wide						
	Statements	Governmental Funds	Proprietary Funds	Fiduciary Funds			
Scope	Entire City government (except fiduciary funds) and the City's component units	The activities of the City that are not proprietary or fiduciary, such as police, fire, and parks	Activities the City operates similar to private businesses, such as the water and sewer system	Instances in which the City administers resources on behalf of someone else, such as developers			
Required financial statements	<ul><li>◆ Statement of Net Position</li><li>◆ Statement of Activities</li></ul>	<ul> <li>Balance Sheet</li> <li>Statement of Revenues, Expenditures and Changes in Fund Balances</li> </ul>	Statement of Net Position Statement of Revenues, Expenses and Changes in Net Position Statement of Cash Flows	Statement of Fiduciary Net Position			
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources focus			
Type of asset/liability information	All assets and liabilities, both financial and capital, and short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets included	All assets and liabilities, both financial and capital, and short-term and long-term	All assets and liabilities, both short- term and long-term; funds do not currently contain capital assets, although they can			
Type of deferred outflows/inflow s of resources information	All deferred outflows/inflows of resources, regardless of when cash is received or paid	Only deferred outflows of resources expected to be used up and deferred inflows of resources that come due during the year or soon thereafter, no capital assets included	All deferred outflows/inflows of resources, regardless of when cash is received or paid	All deferred outflows/inflows of resources, regardless of when cash is received or paid			
Type of inflow/out flow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payment is due during the year or soon thereafter	All revenues and expenses during the year, regardless of when cash is received or paid	All additions and deductions during the year, regardless of when cash is received or paid			

#### OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Government-Wide Financial Statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *Statement of Net Position* presents information on all of the City's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference between the four reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The Statement of Activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenue (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, public safety, public works, culture and recreation, community development, and interest on long-term debt. The business-type activities of the City include water, sewer, and solid waste utilities.

The government-wide financial statements include not only the City itself (known as the *primary government*), but also a legally separate Port Authority and Housing and Redevelopment Authority (HRA) which are backed by the full faith and credit of the City of Albert Lea. Financial information for these *component units* are discretely presented for the primary government.

The government-wide financial statements start on page 34 of this report.

Fund Financial Statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other State and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

#### OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Governmental Funds. (Continued) Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact by the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances (deficits) provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains several individual governmental funds, 14 of which are Debt Service funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund and Debt Service Reserve, of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements or schedules* elsewhere in this report.

The City adopts an annual appropriated budget for its General, Airport, and Senior Center Funds. A budgetary comparison statement or schedule has been provided for these funds to demonstrate compliance with this budget.

The basic governmental fund financial statements start on page 38 of this report.

Proprietary Funds. The City maintains two types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its water, sewer, and solid waste management activities. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its insurance operations. Because all of these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary funds financial statements provide separate information for each of the Enterprise Funds which are considered to be major funds of the City.

The basic proprietary funds financial statements start on page 44 of this report.

Notes to Basic Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements start on page 55 of this report.

Required Supplementary Information. In addition to the basic financial statements and accompanying notes, this report also presents certain Required Supplementary Information concerning the City of Albert Lea's share of net pension liabilities for defined benefit plans, schedule of contributions, and progress in funding its obligation to provide pension and other postemployment benefits to its employees. Required Supplementary Information can be found starting on page 96 of this report.

#### OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Other Information. The combining statements referred to earlier in connection with nonmajor governmental funds and internal service funds are presented following the notes to the financial statements. Combining and individual fund financial statements and schedules start on page 112 of this report.

#### GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows exceeded liabilities and deferred inflows by \$155,644,524 at the close of the most recent fiscal year.

#### GOVERNMENT-WIDE FINANCIAL ANALYSIS (CONTINUED)

By far, the largest portion of the City's net position (74.5%) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment) less any related debt used to acquire those assets that are still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

City of Albert Lea's Summary of Net Position

	Governmental Activities			Business-Type Activities		
	2023	2022	Increase (Decrease)	2023	2022	Increase (Decrease)
Assets

An additional portion of the City's net position (9.7%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of *unrestricted net position* (15.8%) may be used to meet the City's ongoing obligations to citizens and creditors. At the end of the current fiscal year, the City is able to report positive balances in all three categories of net position, both for the City as a whole, as well as for its separate governmental and business-type activities. The same situation held true for the prior fiscal year.

# GOVERNMENT-WIDE FINANCIAL ANALYSIS (CONTINUED)

Governmental Activities. Governmental activities increased the City's net position by \$500,997, thereby accounting for 41.8% of the growth in the net position of the City. Key elements of this change are as follows:

City of Albert Lea's Changes in Net Position

#### GOVERNMENT-WIDE FINANCIAL ANALYSIS (CONTINUED)

Governmental Activities. (Continued)

- Property taxes represent approximately 32.4% of total revenues in 2023 in governmental activities.
- ◆ The largest revenue variance was a \$4,849,123 decrease in capital grants and contributions based on a decrease in intergovernmental grants and funding in 2023 compared to 2022.
- The largest expense variance was a decrease in the public works function as a result of the decrease in capital expenditures for related projects during 2023 compared to 2022.

The following graph depicts various governmental activities and shows the revenues and expenses directly related to those activities.

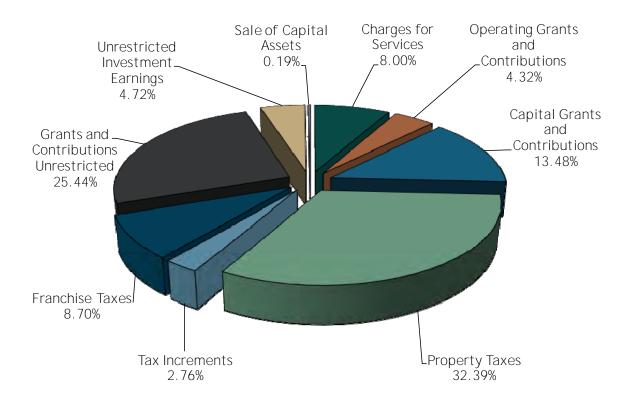

#### \$10,000,000 \$9,000,000 \$8,000,000 \$7,000,000 \$6,000,000 \$5,000,000 \$4,000,000 \$3,000,000 \$2,000,000 \$1,000,000 \$-Interest on General Culture and Community Public Safety Public Works Long-Term Airport Government Development Recreation Debt ■Expenses \$9,371,247 \$776,785 \$555,080 \$2,740,630 \$5,140,112 \$4,598,875 \$1,643,875 ■ Program 134,915 1.165.328 2.951.572 985.301 153.500 503.412 revenues

## Revenues by Source - Governmental Activities

#### GOVERNMENT-WIDE FINANCIAL ANALYSIS (CONTINUED)

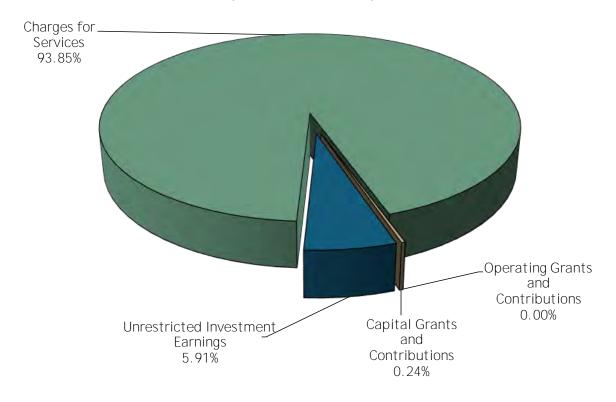

Business-type Activities. Business-type activities increased the City's net position by \$698,941 primarily due to the operating income of the Water Fund. Elements of the increase are as follows:

#### GOVERNMENT-WIDE FINANCIAL ANALYSIS (CONTINUED)

Business-type Activities. (Continued)

#### Revenues by Source - Business-Type Activities

#### FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unrestricted fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

#### City of Albert Lea Management's Discussion and Analysis

#### FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS (CONTINUED)

Governmental Funds. (Continued) As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$28,644,732, an increase of \$809,654 in comparison with the prior year. Approximately 18% of this total amount (\$5,230,643) constitutes unassigned fund balance, which is available for spending at the City's discretion. The remainder of fund balance (\$23,414,089) is not available for new spending because it is either 1) nonspendable (\$2,889,364), 2) restricted (\$9,478,366), 3) committed (\$4,176,565), or 4) assigned (\$6,870,794) for the purposes described in the fund balance section of each balance sheet.

	F	und Balance

Debt Service Reserve  The Debt Service Reserve had a total fund balance 2022 due to transfers out to other debt service fun		67,096. Fund	balan			(274,642) 642 from	

**Proprietary Funds.** The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Unrestricted net position of the enterprise funds at the end of the year amounted to \$14,046,003. The total increase in net position for the funds was \$748,876.

#### General Fund Budgetary Highlights

The City's General Fund budget was not amended during the year. The budget called for no change in fund balance. The General Fund had an actual increase of \$706,582 in 2023. Some of the larger variances are as follows:

- Revenues were over budget by \$655,926. Tax revenue was \$201,863 over budget mostly related to franchise taxes. Miscellaneous revenue was \$124,174 over budget due to investment income exceeding budgeted amounts. Intergovernmental revenue was \$169,672 over budget due to police aid and school district reimbursement revenue.
- Expenditures were less than budgeted amounts by \$48,785. Culture and recreation came in under budget by \$224,677 due in part to personnel costs for the library and parks being lower than anticipated.

#### Capital Assets and Debt Administration

Capital Assets. The City's investment in capital assets for its governmental and business-type activities as of December 31, 2023, amounts to \$148,106,438 (net of accumulated depreciation). This investment in capital assets includes land, structures, improvements, machinery and equipment, park facilities, roads, highways, and bridges.

#### FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS (CONTINUED)

Capital Assets and Debt Administration (Continued)

Capital Assets. (Continued) Major capital asset events during the current fiscal year included the following:

- Snyder Field projects
- Sliplining project
- Central Water Tower construction
- Various street and park improvement projects

The City's bond rating is AA- from Standards and Poor's. Additional information on the City's long-term debt can be found in Note 8 starting on page 70 of this report.

#### City of Albert Lea Management's Discussion and Analysis

#### FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS (CONTINUED)

#### Economic Factors and Next Year's Budgets and Rates

- ◆ The City approved a balanced budget for 2024.
- ◆ The City's General fund property tax levy for 2024 increased \$208,500 to \$5,726,500.
- The City updates annually a long-range financial plan to use as a tool for managing the City's tax levy, tax rate, and debt load.
- ◆ The City continues to evaluate the water and sewer rates to ensure sufficient cash for upcoming capital projects as well as reaching a sufficient fund balance.
- ◆ The City is in a stable position with an unassigned fund balance in the General Fund of 47% of the 2024 budgeted expenses at the end of 2023 \$369,100 more than the minimum threshold.

#### Requests for Information

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the finance department, City of Albert Lea, 221 East Clark Street, Albert Lea, Minnesota 56007.

#### City of Albert Lea Reconciliation of the Balance Sheet to the Statement of Net Position - Governmental Funds

December 31, 2023

Total fund balances - governmental funds	\$ 28,644,732
Amounts reported for governmental activities in the Statement of Net Position are different because:	
Capital assets used in governmental activities are not current financial resources and, therefore, are not reported as assets in governmental funds.  Cost of capital assets	164,288,061
Less accumulated depreciation	(72,910,965)
Prepaid expenses which are expensed in the governmental funds are capitalized and amortized in the government-wide financial statements.	918,000
Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported as liabilities in the funds.	
Long-term liabilities at year-end consist of:  Bond principal payable	(18,835,000)
Unamortized bond premiums/discounts	(807,138)
Notes payable Compensated absences payable	(410,548) (1,220,497)
Total OPEB liability	(491, 154)
Net pension liability	(8,329,837)
Delinquent receivables will be collected in subsequent years, but are not available soon enough to	
pay for the current period's expenditures and, therefore, are deferred in the funds.	10/ 105
Property taxes	196,495
Deferred outflows of resources and deferred inflows of resources are created as a reusult of	
various differences related to pensions and OPEB that are not recognized in the governmental	
funds.  Deferred inflows of resources related to pensions	(8,760,006)
Deferred outflows of resources related to pensions	8,926,257
Deferred outflows of resources related to OPEB	140,877
Deferred inflows of resources related to OPEB	(891, 316)
Revenues in the Statement of Activities that do not provide current financial resources are not	
reported as revenues in the funds.	4 201 002
Deferred special assessments, taxes and grants	6,301,803
Governmental funds do not report a liability for accrued interest on long-term debt until due and payable.	(250, 129)
Internal service funds are used by management to charge the cost of services to individual funds. The assets and liabilities are included in the governmental activities Statement of Net Position.	 1,130,722
Total net position - governmental activities	\$ 97,640,357

#### City of Albert Lea

#### Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances to the Statement of Activities - Governmental Funds Year Ended December 31, 2023

Total change in fund balances - governmental funds	\$ 809,654
Amounts reported for governmental activities in the Statement of Activities are different because:	
Capital outlays are reported in governmental funds as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over the estimated useful lives as depreciation expense.	
Capital outlays Depreciation expense Loss on disposal of capital assets	5,483,723 (4,412,743) (15,832)
Prepaid expenses which are expensed in the governmental funds are capitalized and amortized in the government-wide financial statements.  Amortization of prepaid items	(27,000)
Some expenses are recognized as paid in the governmental funds but recognized as the expense is incurred in the Statement of Activities.	
Compensated absences payable Total other post employment benefits (OPEB) liability	(8,514) 84,007
Principal payments on long-term debt are recognized as expenditures in the governmental funds but as an increase in the net position in the Statement of Activities.	
Bond principal payments Loan payments	3,060,000 18,439
Governmental funds report the effects of bond premiums and discounts when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities.	(107,333)
Interest on long-term debt in the Statement of Activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due and thus requires use of current financial resources. In the Statement of Activities, however, interest expense is recognized as the interest accrues, regardless of when it is due.	(4,010)
Proceeds from long-term debt are recognized as another financing source in the governmental funds but have no impact on the changes in net position in the Statement of Activities.	(2,766,401)
Governmental funds recognize pension contributions as expenditures at the time of payment whereas the Statement of Activities factors in items related to pensions on a full accrual	
perspective. Pension expense	(918,993)
Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenue (loss) of internal service funds are reported with governmental activities.	(162,950)
Certain revenues are recognized as soon as they are earned. Under the modified accrual basis of accounting certain revenues cannot be recognized until they are available to liquidate liabilities of the current period.	
Property taxes Special assessments	 (5,175) (525,875)
Change in net position - governmental activities	\$ 500,997

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Reporting Entity

The City of Albert Lea (the City) was incorporated by passage of an act by the Legislature of the State of Minnesota and ratified by an election of the voters of the City. The incorporation of the City was effective April 1, 1878, with the adoption of the first Charter. The area of the City on incorporation was 1.2 square miles and the first census of 1880 showed a population of 3,365. The Charter established a Mayor-City Council form of government. The governing body consists of six elected City Council members and a mayor. The City Manager administers policies and coordinates the activities of the City. The heads of the various departments, formed to provide various services, are under the direct supervision of the City Manager.

The financial statements present the City and its component units. The City includes all funds, account groups, organizations, institutions, agencies, departments, and offices that are not legally separate from such. Component units are legally separate organizations for which the elected officials of the City are financially accountable and are included within the basic financial statements of the City because of the significance of their operational or financial relationships with the City.

The City is considered financially accountable for a component unit if it appoints a voting majority of the organization's governing body and it is able to impose its will on the organization by significantly influencing the programs, projects, activities, or level of services performed or provided by the organization, or there is a potential for the organization to provide specific financial benefits to or impose specific financial burdens on, the City. The accompanying financial statements present the City and its component units (The Port Authority of the City of Albert Lea and the Housing Redevelopment of the City of Albert Lea), entities for which the City is considered financially accountable.

- 1. Discretely Presented Component Unit Port Authority
  The Port Authority of the City is governed by seven commissioners who are appointed by the
  Albert Lea City Council. The City is considered financially accountable for the Port Authority
  because the City Council approves their annual budget. The Port Authority is governed by seven
  board members, two of which are City Council members and five are residents. It is this criterion
  that results in the Port Authority being reported as a discretely presented component unit.
  Separately issued financial statements for the year ended December 31, 2023, are available upon
  request from the City Manager of the City at 221 East Clark Street, Albert Lea, MN.
- 2. Discretely Presented Component Unit Housing and Redevelopment Authority (HRA) The Housing and Redevelopment Authority (HRA) of the City is governed by seven board members, which are appointed by the City of Albert Lea's Mayor. The City is considered financially accountable for the HRA because the City Council approves their annual tax levy. There is a financial benefit and burden to the City and due to the nature and significance of its relationship results in the HRA being reported as a discretely presented component unit. The HRA has a year-end of March 31. Separately issued financial statements are available upon request from the City Manager of the City at 221 East Clark Street, Albert Lea, MN.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the City. The fiduciary funds are only reported in the statement of fiduciary net position and the statement of changes in fiduciary net position at the fund financial statement level. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Interest on general long-term debt is considered an indirect expense and is reported separately in the Statement of Activities. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues. Internally dedicated revenues are reported as general revenues rather than program revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The Custodial Fund is presented in the fiduciary fund financial statements. Since, by definition, these assets are being held for the benefit of a third party (other local governments, private parties, etc.) and cannot be used to address activities or obligations of the City, the Fund is not incorporated into the government-wide statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued) Property taxes, franchise taxes, licenses, and interest associated with the current period are all considered to be susceptible to accrual and so have been recognized as revenues of the current period. Only the portion of special assessments receivable due within the current period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the City.

#### Description of Funds:

#### Major Governmental Funds:

General Fund - This fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Debt Service Reserve Debt Service Fund - This fund is established to account for the collection of ad valorem taxes, special assessments, and tax increment revenue transfers for general long-term debt purposes.

#### Proprietary Funds:

Water Fund - This fund accounts for the water service charges which are used to finance the water system operating expenses.

Sewer Fund - This fund accounts for the sewer service charges which are used to finance the sanitary sewer system operating expenses.

Solid Waste Fund - This fund accounts for the income and expenses in the operation of the transfer station at the landfill site.

Utility Line Protection Plan Fund - This fund accounts for the income and expenses related to the utility line protection plan.

Additionally, the City reports the following fund types:

Internal Service Funds - These funds account for insurance services provided to other departments or agencies of the City, or to other governments, on a cost reimbursement basis.

Fiduciary Fund - This fund account for sales tax in a strictly custodial capacity.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's utility functions and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Description of Funds: (Continued)

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's Enterprise Funds and of the City's Internal Service Funds are charges to customers for sales and services. The City also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

- D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity
  - 1. Deposits and Investments

Cash and investments include balances from all funds that are combined and invested to the extent available in various securities as authorized by state law. Earnings from the pooled investments are allocated to the individual funds based on the average of month-end cash and investment balances.

The City's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

Minnesota Statutes authorizes the City to invest in obligations of the U.S. Treasury, agencies and instrumentalities, shares of investment companies whose only investments are in the aforementioned securities, obligations of the State of Minnesota or its municipalities, bankers' acceptances, future contracts, repurchase and reverse repurchase agreements, and commercial paper of the highest quality with a maturity of no longer than 270 days and in the Minnesota Municipal Investment Pool.

Certain investments for the City are reported at fair value as disclosed in Note 3. The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The Hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity (Continued)

#### 2. Receivables and Payables

All trade and property tax receivables are shown at a gross amount since both are assessable to the property taxes and are collectible upon the sale of the property.

The City Council annually adopts a tax levy and certifies it to the County in December for collection in the following year. The County is responsible for collecting all property taxes for the City. These taxes attach an enforceable lien on taxable property within the City on January 1 and are payable by the property owners in two installments. The taxes are collected by the County and tax settlements are made to the City during January, June, and November each year.

The County Auditor submits the list of taxes and special assessments to be collected on each parcel of property to the County Treasurer in January of each year.

Accounts receivable include amounts billed for services provided before year end. Unbilled utility enterprise fund receivables are also included for services provided in 2023. The City annually certifies delinquent accounts to the County for collection in the following year. Therefore, there has been no allowance for doubtful accounts established.

Special assessments represent the financing for public improvements paid for by benefiting property owners. These assessments are recorded as receivable upon certification to the County. Special assessments are recognized as revenue when they are received in cash or within 60 days after year end. All governmental special assessments receivable are offset by a deferred inflow of resources in the fund financial statements unless related to unpaid charges and are due within one year.

#### 3. Inventory and Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. Prepaid items are recorded as an expenditure at the time of consumption.

Inventory is valued at cost using the first in, first out (FIFO) method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Property held for resale consists of property that the Port Authority component unit holds for resale. Properties held for resale are reported as an asset at the lower of cost or estimated fair value.

#### 4. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial cost of more than \$5,000 and an estimated useful life in excess of two years.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity (Continued)

#### 4. Capital Assets (Continued)

In the case of initial capitalization of general infrastructure assets (i.e., those reported by governmental activities) the City chose to include all items previously accounted for. The City had already accounted for its prior infrastructure at historical cost for the initial reporting of these assets. As the City constructs or acquires capital assets each period, including infrastructure assets, they are capitalized and reported at historical cost. The reported value excludes normal maintenance and repairs which are essentially amounts spent in relation to capital assets that do not increase the capacity or efficiency of the item or extend its useful life beyond the original estimate. In the case of donations, the City values these capital assets at acquisition value of the item at the date of its donation. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant, and equipment of the City are depreciated using the straight-line method over the following useful lives:

Classification	Years
Buildings and structures	25 - 40
Improvements other than buildings	15 - 40
Machinery and equipment	5 - 20
Vehicles	3 - 20
Infrastructure	20 - 50
Land Improvements	5 - 60

#### 5. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until that time. The City has two items that qualify for reporting in this category. The City presents deferred outflows of resources on the Statement of Net Position for deferred outflows of resources related to pensions and OPEB for various estimate differences that will be amortized and recognized over future years.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity (Continued)

#### 5. Deferred Outflows/Inflows of Resources (Continued)

In addition to liabilities, the statement of financial position and fund financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has three items that qualify for reporting in this category. The City presents deferred inflows of resources on the Governmental Fund Balance Sheet as unavailable revenue. The governmental funds report unavailable revenues from two sources: property taxes and special assessments. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The City presents deferred inflows of resources on the Statement of Net Position for deferred inflows of resources related to pensions and OPEB for various estimate differences that will be amortized and recognized over future years.

#### 6. Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. All vacation and sick pay is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements. The General fund is typically used to liquidate governmental compensated absences.

#### 7. Long-Term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt, and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### 8. Pensions

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and the relief association and additions to/deductions from PERA's and the relief association's fiduciary net position have been determined on the same basis as they are reported by PERA and the relief association except that PERA's fiscal year end is June 30. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity (Continued)

#### 9. Patronage Equity

The enterprise funds purchase electrical power from a cooperative which grants yearly patronage capital credit allocations to its customers. Capital credits represent the customer's share of ownership in the cooperative. They are held by the cooperative until retired by action of the cooperative's board of directors, at which time the customer will receive a capital credit refund check. Capital credit allocations are recognized in the year that they are received.

#### 10. Fund Balance

In the fund financial statements, governmental funds report various levels of spending constraints.

- Nonspendable Fund Balances These are amounts that cannot be spent because they are not in spendable form as they are legally or contractually required to be maintained intact and include prepaid items, inventory, and advances to other funds.
- Restricted Fund Balances These are subject to externally enforceable legal restrictions.
- Committed Fund Balances The government's highest level of decision-making authority is the City Council. The formal action to establish or modify a commitment is made through resolution. Committed amounts cannot be used for any other purpose unless the City Council modifies or rescinds the commitment by resolution.
- Assigned Fund Balances Amounts constrained for specific purposes that are internally imposed. In governmental funds other than the General Fund, assigned fund balance represents all remaining amounts that are not classified as nonspendable and are neither restricted nor committed. The City Council has adopted a fund balance policy which delegates the authority to assign amounts for specific purposes to the City Manager.
- Minimum Fund Balance Policy The City has formally adopted a fund balance policy for the General Fund. The City's policy is to maintain a minimum unassigned fund balance of 45% of budgeted operating expenditures for cash-flow timing needs.

The City will spend restricted funds first for expenditures that meet the intended purpose before using unrestricted fund balance. Additionally, the City would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made for the purposes intended.

#### 11. Net Position

Net position represents the difference between assets and deferred outflows of resources; and liabilities and deferred inflows of resources in the government-wide financial statements. Net investment in capital assets, consists of capital assets, net accumulated depreciation, reduced by the outstanding balance of any long-term debt used to build or acquire the capital assets. Net position is reported as restricted in the government-wide financial statement when there are limitations on use through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### E. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenue and expenditures/expense during the reporting period. Actual results could differ from those estimates.

#### NOTE 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

#### A. Deficit Fund Balances

The following funds had fund balance deficits at December 31, 2023:

Fund		Amount		
Nonmajor Capital Projects				
TIF 5-13 Larson Manufacturing	\$	1,008,656		
TIF 5-15 Broadway Ridge Redevelopment		1,238,522		
TIF 5-25 Zumbro		11,314		
TIF 5-26 Unique Opport		150,510		
TIF 5-27 Marketplace		37,067		
TIF 5-29 Ulland Brothers		47,815		
TIF 5-30 Broadway		377,110		
Future TIF - 300 Block Broadway		663,501		
TIF Blazing Star Soil District		99,381		
2020 CIP Projects		444,218		
2024 CIP - Bond Projects		7,398		

The deficits will be funded with future transfers, intergovernmental revenue, and tax increment revenue.

#### NOTE 3 - DEPOSITS AND INVESTMENTS

Cash balances of the City's funds are combined (pooled) and invested to the extent available in various investments authorized by *Minnesota Statutes*. Each fund's portion of this pool (or pools) is displayed in the financial statements as "cash and investments". For purposes of identifying risk of investing public funds, the balances and related restrictions are summarized as follows.

#### A. Deposits

Custodial Credit Risk - Deposits: This is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City has a policy that requires the City's deposits be collateralized as required by *Minnesota Statutes* for an amount exceeding FDIC, SAIF, BIF, or FCUA coverage. As of December 31, 2023, the City's bank balance was not exposed to custodial credit risk because it was insured and fully collateralized by federal depository insurance.

#### NOTE 3 - DEPOSITS AND INVESTMENTS (CONTINUED)

#### A. Deposits (Continued)

Discretely Presented Component Units

As of March 31, 2023, the HRA's bank balance of \$1,586,136 was not exposed to custodial credit risk because it was fully collateralized. The HRA's book balance of all deposits at March 31, 2023, totaled \$1,569,385.

At December 31, 2023, the Port Authority had \$2,457,628 of deposits, which were fully covered by federal depository insurance or collateral pledged by the various banks held in safekeeping of the United Bankers Bank in the Port Authority's name.

#### B. Investments

				Investment Maturities						
Investment Type	Credit Rating	Fair Value		Less than One Year		1-3 Years		Greater than 3 Years		
Brokered certificates of deposit Government securities	N/A Aaa, Aa1, Aa2,	\$	5,023,208	\$	1,698,107	\$	3,325,101	\$	-	
	Aa3, A1, A2		12,520,240		3,214,819		8,582,833		722,588	
U.S. treasury obligations	N/A		8,324,086		2,756,758		3,290,688		2,276,640	
Money market accounts	N/A		15,969,199		15,969,199					
Total		\$	41,836,733	\$	23,638,883	\$	15,198,622	\$	2,999,228	

Concentration Risk: Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The City's investment policy states the City will diversify its investments by limiting investments to avoid over concentration in securities from a specific issuer, industry, or business sector, excluding U.S. Treasury obligations. As of December 31, 2023, the City had not invested 5% or more of its total investment portfolio in one single issuer.

Credit Risk: This is the risk that an issuer to an investment will not fulfill its obligation. State law limits investments in state and local securities and commercial paper to those with specified rating by nationally recognized rating agencies. U.S. treasury obligations are not considered to have credit risk. The City's investment policy states it will limit this risk by limiting investments to the types of securities permitted under *Minnesota Statutes* Chapter 118.A as well as by having city council approve the public depositories by resolution.

Interest Rate Risk: This is the risk that fair values of securities in a portfolio would decrease due to changes in market value interest rates. The City's investment policy states that they will minimize this risk by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity.

Custodial Credit Risk - Investments: This is the risk in the event of the failure of the counterparty the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City's investment policy states it will limit this risk by maintaining a list of public depositories, financial institutions, and broker/dealers authorized to provide deposit and investment services.

#### NOTE 3 - DEPOSITS AND INVESTMENTS (CONTINUED)

#### B. Investments (Continued)

The City has the following recurring fair value measurements as of December 31, 2023:

- ◆ U.S. treasury obligations and government securities of \$20,844,326 are valued using quoted market prices (Level 1 inputs)
- Brokered certificates of deposit of \$5,023,208 are valued using a matrix pricing model (Level 2 inputs)

Summary of cash deposits and investments as of December 31, 2023, were as follows:

	Primary Government	Component Unit HRA	Component Unit Port Authority	Total	
Deposits Investments Petty cash	\$ - 41,836,733 2,490	\$ 1,569,385 - -	\$ 2,457,628 - -	\$ 4,027,013 41,836,733 2,490	
Total deposits and investments	\$ 41,839,223	\$ 1,569,385	\$ 2,457,628	\$ 45,866,236	

Deposits and investments are presented in the December 31, 2023, basic financial statements as follows:

	Primary Government	Component Unit HRA	Component Unit Port Authority	Total	
Statement of Net Position Cash and investments Restricted cash	\$ 41,839,223 -	\$ 1,475,072 94,313	\$ 2,457,628 -	\$ 45,771,923 94,313	
Total deposits and investments	\$ 41,839,223	\$ 1,569,385	\$ 2,457,628	\$ 45,866,236	

#### NOTE 4 - LOANS RECEIVABLE

The City operates an economic revolving loan fund. The purpose of this fund is to issue loans that serve as gap financing to projects whose purpose it is to create economic development within the City. The funds that are available for these loans originated as grants from the state or federal government. The total balance of these loans at December 31, 2023, was \$2,015,546. The total balance has maturities of one to twenty years with interest ranging from 0 to 3%.

The City provided \$500,000 in financing to Pickerel Park Association in February 2000. The term of the loan is for 30 years. The interest rate is 1% per annum deferred for 30 years to be paid in a lump sum along with the principal at the end of the loan term. The balance on this loan at December 31, 2023, is \$500,000.

#### NOTE 4 - LOANS RECEIVABLE (CONTINUED)

The Port Authority provided \$1,078,893 in financing to a borrower in April 2018. The term of loan is for 25 years. There is no interest rate related to this loan. The balance of this loan at December 31, 2023, is \$935,189.

The Port Authority provided \$500,000 in financing to a borrower in February 2000, to construct a 24-unit affordable housing development. The term of the loan is for 30 years. The interest rate is 1% per annum deferred for 30 years to be paid in a lump sum along with the principal at the end of the loan term. The balance of this loan at December 31, 2023, is \$500,000. Accrued interest at December 31, 2023, is \$25,000.

#### NOTE 5 - INTERFUND BALANCES

At December 31, 2023, interfund balances for the City were as follows:

Receivable Fund	Payable Fund	Amount		
Due from/to other funds Nonmajor Governmental Funds	Nonmajor Governmental Funds	\$ 7,398		
Advance from/to other funds General Fund Sewer Fund	Nonmajor Governmental Funds Nonmajor Governmental Funds	\$ 2,613,144 11,314		
Total		\$ 2,624,458		

The General Fund made advances to several tax increment financing funds rather than have those funds issuing bonds. These advances will be repaid over time through increment from the tax levies.

The nonmajor governmental funds have interfund receivables for deficit cash balances.

#### NOTE 6 - INTERFUND TRANSFERS

Transfers during the year ended December 31, 2023, were as follows:

	Transfers In						
Transfers Out	General	Nonmajor Governmental Funds	Utility Line Protection Plan	Total			
General	\$ -	\$ 930,000	\$ -	\$ 930,000			
Debt Service Reserve	-	454,757	-	454,757			
Nonmajor governmental funds	-	286,552	-	286,552			
Water	1,000,000	120,000	3,911	1,123,911			
Sewer	1,220,000	120,000	3,912	1,343,912			
Solid Waste	25,000	-	-	25,000			
Internal service funds	72,000			72,000			
Total	\$ 2,317,000	\$ 1,911,309	\$ 7,823	\$ 4,236,132			

# NOTE 6 - INTERFUND TRANSFERS (CONTINUED)

Throughout the course of the year, the City has to make occasional interfund transfers. These transfers are usually approved so that the fund receiving the money can continue to operate. One-time budgeted transfers were made to close completed projects and fund capital improvements.

#### NOTE 7 - CAPITAL ASSETS

#### Primary Government

Capital asset activity for the year ended December 31, 2023, was as follows:

	Beginning Balance Increases		Decreases	Ending Balance
Governmental activities

#### NOTE 8 - LONG-TERM LIABILITIES

#### A. General Obligation Bonds

The City issues general obligation (G.O.) bonds to provide for the construction of major capital improvements having a relatively long life. They are payable from special assessments levied and collected on local improvements to property and are backed by the full faith and credit of the City.

Compensated absences					 32,272
Total long-term liabilities					\$ 371,285

The Port Authority received financing from a direct borrowing from a local lender for the construction of a spec building during 2017 and 2018 in the amount of \$3,524,465 Effective April 1, 2023, the interest rate was adjusted according to the terms of the agreement to 6.25% (based on the five-year daily treasury rate plus 2%, with a floor of 4.25%), with monthly installments of \$23,894, with the maturity date remaining the same. This loan also requires the Port Authority to meet certain covenants. As of December 31, 2023, the Port Authority obtained a waiver for noncompliance with financial covenants and 120-day financial reporting covenants.

The Port Authority received financing through a direct borrowing from a local lender for the construction of a Spec building in the ALEDA Industrial Park in the amount of \$1,643,014, at 5.5% interest, payable in equal monthly installments of \$11,363 through August 2019. In November 2015, this loan agreement was modified to adjust the interest rate to a floor of 4.25%. Loan payments will continue as monthly installments of \$11,363, with the adjusted loan maturing in April 2029. This loan also requires the Port Authority to meet certain covenants. As of December 31, 2023, the Port Authority obtained a waiver for the noncompliance with financial covenants and 120-day financial reporting covenants.

The Port Authority entered into a lease for office space. In May 2023, the lease agreement was amended to include additional space that became available for rent. This increased monthly rental payments from \$2,200 to \$2,950.

#### NOTE 8 - LONG-TERM LIABILITIES (CONTINUED)

C. Changes in Long-Term Liabilities Long-term liability activity for the year ended December 31, 2023, was as follows:

#### Primary Government

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year

#### E. Lessor Lease Summary

Discretely Component Unit (Port Authority) - Leases

The Port Authority leases space in an industrial building located at 2510 Y. H. Hanson Drive. The Port Authority receives \$11,250 per month, or \$135,000 annually, for the building under the terms of a lease agreement that expires December 31, 2025.

The Port Authority leases space in an industrial building located at 2105 Myers Road. The Port Authority receives \$14,500 per month, or \$174,000 annually, for the building under the terms of a lease agreement that expires November 30, 2023, and has continued on month-to-month since.

The Port Authority leases space in an industrial building built by the Port Authority. The Port Authority receives \$24,000 per month from January 2018 to May 2023. The rent increased in June 2023 to \$27,863 per month for the building under the terms of a lease agreement that expires March 31, 2033.

The Port Authority leases space in an industrial building located at 590 E. 14th St. The Port Authority receives \$3,281 per month, or \$39,375 annually, for the building under the terms of a lease agreement that expires March 31, 2031.

The annual future minimum rentals on the leases are as follows:

Year Ending	
December 31,	Total
2024	\$ 508,731
2025	572,949
2026	459,355

#### NOTE 10 - RISK MANAGEMENT

The City purchases commercial insurance coverage through the League of Minnesota Cities Insurance Trust (LMCIT) with other cities in the state which is a public entity risk pool currently operating as a common risk management and insurance program. The City pays an annual premium to the LMCIT for its insurance coverage. The LMCIT is self-sustaining through commercial companies for excess claims. The City is covered through the pool for any claims incurred but unreported, however, retains risk for the deductible portion of its insurance policies. The amount of these deductibles is considered immaterial to the financial statements.

There were no significant reductions in insurance from the previous year or settlements in excess of insurance coverage for any of the past three years.

Liabilities are reported when it is probable that a loss has occurred, and the amount of the loss can be reasonably estimated. Liabilities, if any, include an amount for claims that have been incurred but not reported (IBNRs). The City's management is not aware of any incurred but not reported claims.

#### NOTE 11 - PENSION PLANS

The City participates in various pension plans. Total pension expense for the year ended December 31, 2023, was \$2,181,282. The components of pension expense are noted in the following plan summaries.

The General Fund, Water, Sewer, and Solid Waste Funds typically liquidate the liability related to the pensions.

Public Employees' Retirement Association

#### A. Plan Description

The City participates in the following cost-sharing multiple-employer defined benefit pension plans administered by PERA. PERA's defined benefit pension plans are established and administered in accordance with *Minnesota Statutes* Chapters 353 and 356. PERA's defined benefit pension plans are tax gualified plans under Section 401(a) of the Internal Revenue Code.

General Employees Retirement Plan

All full-time and certain part-time employees of the City are covered by the General Employees Plan. General Employees Plan members belong to the Coordinated Plan. Coordinated Plan members are covered by Social Security.

Public Employees Police and Fire Plan

The Police and Fire Plan, originally established for police officers and firefighters not covered by a local relief association, now covers all police officers and firefighters hired since 1980. Effective July 1, 1999, the Police and Fire Plan also covers police officers and firefighters belonging to local relief associations that elected to merge with and transfer assets and administration to PERA.

#### NOTE 11 - PENSION PLANS (CONTINUED)

Public Employees' Retirement Association (Continued)

#### B. Benefits Provided

PERA provides retirement, disability, and death benefits. Benefit provisions are established by state statute and can only be modified by the state Legislature. Vested, terminated employees who are entitled to benefits, but are not receiving them yet, are bound by the provisions in effect at the time they last terminated their public service.

#### General Employees Plan Benefits

General Employees Plan benefits are based on a member's highest average salary for any 5 successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated Plan members. Members hired prior to July 1, 1989, receive the higher of Method 1 or Method 2 formulas. Only Method 2 is used for members hired after June 30, 1989. Under Method 1, the accrual rate for a Coordinated members is 1.2% for each of the first 10 years of service and 1.7% for each additional year. Under Method 2, the accrual rate for Coordinated members is 1.7% for all years of service. For members hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989, normal retirement age is the age for unreduced Social Security benefits capped at 66.

Benefit increases are provided to benefit recipients each January. The postretirement increase is equal to 50% of the cost-of-living adjustment (COLA) announced by the SSA, with a minimum increase of at least 1% and a maximum of 1.5%. Recipients that have been receiving the annuity or benefit for at least a full year as of the June 30 before the effective date of the increase will receive the full increase. Recipients receiving the annuity or benefit for at least one month but less than a full year as of the June 30 before the effective date of the increase will receive a reduced prorated increase. In 2023, legislation repealed the statute delaying increases for members retiring before full retirement age.

#### Police and Fire Plan Benefits

Benefits for the Police and Fire Plan members first hired after June 30, 2010, but before July 1, 2014, vest on a prorated basis from 50% after five years up to 100% after 10 years of credited service. Benefits for Police and Fire Plan members first hired after June 30, 2014, vest on a prorated basis from 50% after 10 years up to 100% after 20 years of credited service. The annuity accrual rate is 3% of average salary for each year of service. For Police and Fire Plan members who were first hired prior to July 1, 1989, a full annuity is available when age plus years of service equal at least 90.

Benefit increases are provided to benefit recipients each January. The postretirement increase is fixed at 1%. Recipients that have been receiving the annuity or benefit for at least 36 months as of the June 30 before the effective date of the increase will receive the full increase. Recipients receiving the annuity or benefit for at least 25 months but less than 36 months as of the June 30 before the effective date of the increase will receive a reduced prorated increase.

#### NOTE 11 - PENSION PLANS (CONTINUED)

Public Employees' Retirement Association (Continued)

#### C. Contributions

*Minnesota Statutes* Chapter 353 sets the rates for employer and employee contributions. Contribution rates can only be modified by the state Legislature.

#### General Employees Fund Contributions

Coordinated Plan members were required to contribute 6.5% of their annual covered salary in fiscal year 2023 and the City was required to contribute 7.5% for Coordinated Plan members. The City's contributions to the General Employees Fund for the year ended December 31, 2023, were \$430,685. The City's contributions were equal to the required contributions as set by state statute.

#### Police and Fire Fund Contributions

Police and Fire Plan members were required to contribute 11.8% of their annual covered salary in fiscal year 2023 and the City was required to contribute 17.7% for Police and Fire Plan members. The City's contributions to the Police and Fire Fund for the year ended December 31, 2023, were \$711,222. The City's contributions were equal to the required contributions as set by state statute.

#### D. Pension Costs

#### General Employees Fund Pension Costs

At December 31, 2023, the City reported a liability of \$4,104,446 for its proportionate share of the General Employees Fund's net pension liability. The City's net pension liability reflected a reduction due to the State of Minnesota's contribution of \$16 million. The State of Minnesota is considered a non-employer contributing entity and the State's contribution meets the definition of a special funding situation. The State of Minnesota's proportionate share of the net pension liability associated with the City totaled \$113,110.

#### General Employees Fund Pension Costs (Continued)

The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportionate share of the net pension liability was based on the City's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2022, through June 30, 2023, relative to the total employer contributions received from all of PERA's participating employers. The City's proportionate share was 0.0734% at the end of the measurement period and 0.0715% for the beginning of the period.

City's proportionate share of the net pension liability	\$ 4,104,446
State of Minnesota's proportionate share of the net pension liability associated with the City	 113,110
Total	\$ 4,217,556

#### NOTE 11 - PENSION PLANS (CONTINUED)

Public Employees' Retirement Association (Continued)

#### D. Pension Costs (Continued)

General Employees Fund Pension Costs (Continued)

For the year ended December 31, 2023, the City recognized pension expense of \$636,601 for its proportionate share of General Employees Plan's pension expense. Included in the amount, the City recognized \$508 as pension expense (and grant revenue) for its proportionate share of the State of Minnesota's contribution of \$16 million to the General Employees Fund.

At December 31, 2023, the City reported its proportionate share of the General Employees Plan's deferred outflows of resources and deferred inflows of resources, related to pensions from the following sources:

		Deferred utflows of desources	Deferred Inflows of Resources		
Differences between expected and actual economic experience	\$	133,954	\$	27,928	
Changes in actuarial assumptions		655,944		1,124,993	
Net difference between projected and actual investment earnings		-		177,174	
Changes in proportion		112,860		24,350	
Contributions paid to PERA subsequent					
to the measurement date		215,343			
Total	\$	1,118,101	\$	1,354,445	

The \$215,343 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2024. Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending December 31,	Pension Expense — Amount
2024 2025 2026 2027	\$ 111,013 (593,504) 119,843 (89,039)
Total	\$ (451,687)

#### NOTE 11 - PENSION PLANS (CONTINUED)

Public Employees' Retirement Association (Continued)

D. Pension Costs (Continued)

Police and Fire Fund Pension Costs

At December 31, 2023, the City reported a liability of \$5,287,676 for its proportionate share of the Police and Fire Fund's net pension liability. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportionate share of the net pension liability was based on the City's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2022, through June 30, 2023, relative to the total employer contributions received from all of PERA's participating employers. The City's proportionate share was 0.3062% at the end of the measurement period and 0.3088% for the beginning of the period.

The State of Minnesota contributed \$18 million to the Police and Fire Fund in the plan fiscal year ended June 30, 2023. The contribution consisted of \$9 million in direct state aid that meets the definition of a special funding situation and \$9 million in supplemental state aid that does not meet the definition of a special funding situation. The \$9 million direct state aid was paid on October 1, 2022. Thereafter, by October 1 of each year, the State will pay \$9 million to the Police and Fire Fund until full funding is reached or July 1, 2048, whichever is earlier. The \$9 million in supplemental state aid will continue until the fund is 90% funded, or until the State Patrol Plan (administered by the Minnesota State Retirement System) is 90% funded, whichever occurs later. The State of Minnesota's proportionate share of net position liability associated with the City totaled \$212,969.

City's proportionate share of the net pension liability

\$ 5,287,676

State of Minnesota's proportionate share of the net pension liability associated with the City

212,969

Total \$ 5,500,645

The State of Minnesota is included as a non-employer contributing entity in the Police and Fire Retirement Plan Schedule of Employer Allocations and Schedule of Pension Amounts by Employer pension allocation schedules for the \$9 million in direct state aid. Police and Fire Plan employers need to recognize their proportionate share of the State of Minnesota's pension expense (and grant revenue) under GASB 68 special funding situation accounting and financial reporting requirements. For the year ended December 31, 2023, the City recognized pension expense of \$1,542,881 for its proportionate share of the Police and Fire Plan's pension expense. Included in this amount, the City recognized (\$12,827) as pension expense (and grant revenue) for its proportionate share of the State of Minnesota's contribution of \$9 million to the Police and Fire Fund.

The State of Minnesota is not included as a non-employer contributing entity in the Police and Fire Pension Plan pension allocation schedules for the \$9 million in supplemental state aid. The City also recognized \$27,558 for the year ended December 31, 2023, as revenue and an offsetting reduction of the net pension liability for its proportionate share of the State of Minnesota's on-behalf contributions to the Police and Fire Fund.

#### NOTE 11 - PENSION PLANS (CONTINUED)

Public Employees' Retirement Association (Continued)

#### D. Pension Costs (Continued)

Police and Fire Fund Pension Costs (Continued)

At December 31, 2023, the City reported its proportionate share of the Police and Fire Plan's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources.

	C	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$	1,452,255	\$ -
Changes in actuarial assumptions		6,104,971	7,432,136
Net difference between projected and actual investment earnings		-	169,006
Changes in proportion		184,698	154,967
Contributions paid to PERA subsequent			
to the measurement date		355,611	-
Total	\$	8,097,535	\$ 7,756,109

The \$355,611 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2024. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

	Pension
Year Ending	Expense
December 31,	Amount
2024	\$ 263,496
2025	90,285
2026	1,309,798
2027	(346,996)
2028	(1,330,768)
Total	\$ (14,185)

#### NOTE 11 - PENSION PLANS (CONTINUED)

Public Employees' Retirement Association (Continued)

#### E. Long-Term Expected Return on Investment

The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness on a regular basis of the long-term expected rate of return using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Expected Real		
Domostic aquity	33.5 %	5.10 %		
Domestic equity				
International equity	16.5	5.30		
Fixed income	25.0	0.75		
Prrivate markets	25.0	5.90		
Total	100.0 %			

#### F. Actuarial Methods and Assumptions

The total pension liability in the June 30, 2023, actuarial valuation was determined using an individual entry-age normal actuarial cost method. The long-term rate of return on pension plan investments used in the determination of the total liability is 7.0%. This assumption is based on a review of inflation and investments return assumptions from a number of national investment consulting firms. The review provided a range of return investment return rates deemed to be reasonable by the actuary. An investment return of 7.0% was deemed to be within that range of reasonableness for financial reporting purposes.

Inflation is assumed to be 2.25% for the General Employees Plan and 2.25% for the Police and Fire Plan. Benefit increases after retirement are assumed to be 1.25% for the General Employees Plan and 1% for the Police and Fire Plan.

Salary growth assumptions in the General Employees Plan range in annual increments from 10.25% after one year of service to 3.0% after 27 years of service. In the Police and Fire Plan, salary growth assumptions range from 11.75% after one year of service to 3.0% after 24 years of service.

Mortality rates for the General Employees Plan are based on the Pub-2010 General Employee Mortality Table. Mortality rates for the Police and Fire Plan are based on the Pub-2010 Public Safety Employee Mortality tables. The tables are adjusted slightly to fit PERA's experience.

Actuarial assumptions for the General Employees Plan are reviewed every four years. The most recent four-year experience study for the General Employees Plan was completed in 2022. The assumption changes were adopted by the Board and became effective with the July 1, 2023, actuarial valuation. The most recent four-year experience study for the Police and Fire Plan was completed in 2020 and was adopted by the Board and became effective with the July 1, 2021, actuarial valuation.

#### NOTE 11 - PENSION PLANS (CONTINUED)

Public Employees' Retirement Association (Continued)

#### F. Actuarial Methods and Assumptions (Continued)

The following changes in actuarial assumptions and plan provisions occurred in 2023:

#### General Employees Fund

#### Changes in Actuarial Assumptions

- ◆ The investment return assumption and single discount rate were changed from 6.5% to 7.0%. Changes in Plan Provisions
  - ◆ An additional one-time direct state aid contribution of \$170.1 million will be contributed to the Plan on October 1, 2023.
  - ◆ The vesting period of those hired after June 30, 2010, was changed from five years of allowable service to three years of allowable service.
  - The benefit increase delay for early retirements on or after January 1, 2024, was eliminated.
  - ◆ A one-time, non-compounding benefit increase of 2.5% minus the actual 2024 adjustment will be payable in a lump sum for calendar year 2024 by March 31, 2024.

#### Police and Fire Fund

#### Changes in Actuarial Assumptions

- The investment return assumption and single discount rate were changed from 6.5% to 7.0%.
- ◆ The single discount rate changed from 5.4% to 7.0%.

#### Changes in Plan Provisions

- Additional one-time direct state aid contribution of 19.4 million will be contributed to the Plan on October 1, 2023.
- Vesting requirement for new hires after June 30, 2014, was changed from a graded 20-year vesting schedule to a graded 10-year vesting schedule, with 50% vesting after five years, increasing incrementally to 100% after 10 years.
- ◆ A one-time, non-compounding benefit increase of 3.0% will be payable in a lump sum for calendar year 2024 by March 31, 2024.
- Psychological treatment is required effective July 1, 2023, prior to approval for a duty disability benefit for a psychological condition relating to the member's occupation.
- ◆ The total and permanent duty disability benefit was increased, effective July 1, 2023.

#### G. Discount Rate

The discount rate used to measure the total pension liability in 2023 was 7.0%. The projection of cash flows used to determine the discount rate assumed that contributions from Plan members and employers will be made at rates set in *Minnesota Statutes*. Based on these assumptions, the fiduciary net positions of the General Employees and Police and Fire Plans were projected to be available to make all projected future benefit payments of current Plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### NOTE 11 - PENSION PLANS (CONTINUED)

Public Employees' Retirement Association (Continued)

#### H. Pension Liability Sensitivity

The following presents the City's proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate 1 percentage point lower or 1 percentage point higher than the current discount rate:

	1% Decrease in Discount Rate (6.0%)		Current Discount Rate (7.0%)			Increase in scount Rate (8.0%)
City's proportionate share of the General Employees Fund net pension liability	loyees Fund		\$	4,104,446	\$	1,507,982
	1% Decrease in Discount Rate (6.0%)		Current Discount Rate (7.0%)		1% Increase in Discount Rate (8.0%)	
City's proportionate share of the Police and Fire Fund net pension liability (asset)	\$	10,491,380	\$	5,287,676	\$	1,009,535

#### I. Pension Plan Fiduciary Net Position

Detailed information about each pension plan's fiduciary net position is available in a separately-issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the Internet at www.mnpera.org.

Public Employee's Defined Contribution Plan (Defined Contribution Plan)

Council members are covered by the Defined Contribution Plan, a multiple-employer deferred compensation plan administered by PERA. The Defined Contribution Plan is a tax qualified plan under Section 401(a) of the Internal Revenue Code and all contributions by or on behalf of employees are tax deferred until time of withdrawal.

#### NOTE 11 - PENSION PLANS (CONTINUED)

Public Employee's Defined Contribution Plan (Defined Contribution Plan) (Continued)

The defined contribution plan consists of individual accounts paying a lump-sum benefit. Plan benefits depend solely on amounts contributed to the plan plus investment earnings, less administrative expenses; therefore, there is no future liability to the City. *Minnesota Statutes* Chapter 353D.03, specifies plan provisions, including the employee and employer contribution rates for those qualified personnel who elect to participate. An eligible elected official who decides to participate contributes 5% of salary which is matched by the elected official's employer. For ambulance service personnel, employer contributions are determined by the employer, and for salaried employees must be a fixed percentage of salary. Employer contributions for volunteer personnel may be a unit value for each call or period of alert duty. Employees who are paid for their services may elect to make member contributions in an amount not to exceed the employer share. Employer and employee contributions are combined and used to purchase shares in one or more of the seven accounts of the Minnesota Supplemental Investment Fund. For administering the plan, PERA receives 2% of employer contributions and twenty-five hundredths of 1% (.25%) of the assets in each member's account annually.

Pension expense for the year is equal to the contributions made. Total contributions made by the City during fiscal year 2023 were:

Contribution Amount					Percentage of	Covered Pag	yroll	
Em	nployee	En	nployer		Employee	Employ	yer Req	uired Rate
\$	1,800	\$	1,800		5%	5%		5%

#### NOTE 12 - BUDGETARY INFORMATION

The City prepares a budget for the General Fund, Airport Fund, and Senior Center Fund on the modified accrual basis of accounting. Annual appropriated budgets are adopted for these funds only. Any modification in the adopted budget can be made upon request of and approval by the City Council. All annual appropriations lapse at fiscal year-end.

Project-length financial plans are adopted for all capital projects funds. Budgets are not prepared for the Fire Pension or Police Pension fund since they are not legally required to prepare them.

On or before July 1 of each year, all agencies of the City submit requests for appropriation to the City Manager so that a budget may be presented. The budget is prepared for the General fund by function and activity and also includes information on the preceding two fiscal years, current year estimates of expenditures and requested appropriations for the next fiscal year.

The proposed budget is presented to the City Council for review at their last meeting in August. The City Council holds public hearings and may add to, subtract from, or change appropriations, but may not change the form of the budget. Any changes in the budget must be within the revenues as estimated by the City Manager. The City Council must adopt the annual budget by December 28 of each year.

#### NOTE 12 - BUDGETARY INFORMATION (CONTINUED)

Expenditures may not legally exceed budgeted appropriations at the total level for each function or activity. Management cannot amend the adopted budget but must request the City Council to transfer funds between functions or activities or adopt supplemental appropriations when the need arises. There were no budget amendments in 2023.

#### NOTE 13 - POST EMPLOYMENT HEALTH CARE PLAN

#### A. Plan Description

The City's defined benefit OPEB plan provides a single-employer defined benefit health care plan to eligible retirees. No assets are accumulated in a trust.

#### B. Benefits Provided

The plan provides lifetime healthcare insurance for eligible retirees and their spouses through the City's group health insurance plan, which covers both active and retired members.

#### C. Contributions

The City of Albert Lea does not contribute to the cost of premiums for eligible retired plan members and their spouses. Because the actual cost for retirees is higher than the average per-person premium for the entire group, the difference gives rise to an implicit rate subsidy. The City pays the difference between the actual and apparent cost. The General Fund typically has been used to liquidate the other postemployment benefit obligation in prior years. For the year 2023, the City contributed \$5,752 to the plan.

#### D. Members

As of December 31, 2022, the following were covered by the benefit terms:

Active employees electing coverage	121
Actives waiving coverage	5
Retirees electing coverage	2
Total	128

#### NOTE 13 - POST EMPLOYMENT HEALTH CARE PLAN (CONTINUED)

#### E. Actuarial Assumptions

The total OPEB liability was determined by an actuarial valuation as of December 31, 2022, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

#### Key Methods and Assumptions Used in Valuation of Total OPEB Liability

Discount rate	4.05%
Salary increases	N/A
Inflation	2.50%
Healthcare cost trend increases	6.3% for FY2023, gradually decreasing over several decades to an ultimate rate of 3.9% in FY2075 and later years.
Mortality assumption	Based on the Pub-2010 mortality tables with projected mortality improvements based on scale MP-2021, and other adjustments, for General Employees and for Police and Fire.

The actuarial assumptions used in the December 31, 2022, valuation were based on the results of an actuarial experience study for the period January 1, 2022 through December 31, 2022.

The discount rate used to measure the total OPEB liability was 4.05% based on 20-year municipal bond rates.

#### F. Total OPEB Liability

The City's total OPEB liability of \$572,376 was measured as of December 31, 2023, and was determined by an actuarial valuation as of that date.

Changes in the total OPEB liability are as follows:

Balances at December 31, 2022	\$	745,685
Changes for the year		
Service cost		81,951
Interest		15,176
Differences between expected and actual experience		(397,277)
Changes of assumptions		132,593
Benefit payments	-	(5,752)
Net changes		(173,309)
Balances at December 31, 2023	\$	572,376

#### NOTE 13 - POST EMPLOYMENT HEALTH CARE PLAN (CONTINUED)

#### F. Total OPEB Liability (Continued)

Changes of assumptions and other inputs reflect a change in the discount rate from 1.84% in 2022 to 4.05% in 2023.

The General Fund, Water Fund, and Sewer Fund typically liquidate the liability related to OPEB.

#### G. OPEB Liability Sensitivity

The following presents the City's total OPEB liability calculated using the discount rate of 1.84% as well as the liability measured using 1% lower and 1% higher than the current discount rate.

	Total OPEB Liability							
			_					
1% E	Decrease in	(	Current	1% I	ncrease in

\$	485,323	\$	572,376	\$	675,267		

#### NOTE 13 - POST EMPLOYMENT HEALTH CARE PLAN (CONTINUED)

# H. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended December 31, 2022, the City recognized OPEB expense of (\$84,245). At December 31, 2023, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	D Ou <u>R</u> (	li	Deferred Inflows of Resources		
Difference between expected and actual liability Changes of assumptions	\$	- 164,174	\$	712,930 325,782	
Total	\$	164,174	\$	1,038,712	

Amounts reported as deferred outflows of resources related to OPEB will be recognized in pension expense as follows:

Year Ending December 31,	Total	
2024	\$ (181,372	<u>'</u> )
2025	(193, 226	)
2026	(195,830	))
2027	(121, 447	)
2028	(107,589	1)
Thereafter	(75,074	)
Total	\$ (874,538	<u>})</u>

#### NOTE 14 - COMMITMENTS AND CONTINGENCIES

The City has in process various multi-year construction projects which were not completed in the current fiscal year. As of December 31, 2023, outstanding commitments for these multi-year projects total approximately \$1,141,607.

The Port Authority receives financial assistance from federal and state governmental agencies in the form of grants and loans. The disbursement of funds received under these programs generally requires compliance with the terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the applicable fund. In 2018, management of the Port Authority recorded a liability to remit to the City of Albert Lea the principal amount of a loan receivable from a housing entity.

#### NOTE 15 - SUBSEQUENT EVENTS

On April 9, 2024, an election ballot passed to authorize the issuance of general obligation bonds in the amount of \$9,800,000 to provide funds to finance the betterment of the City's arena, theater, aquatic center, and splash pad restrooms.

#### City of Albert Lea Notes to Required Supplementary Information

#### General Employees Fund

#### 2023 Changes

Changes in Actuarial Assumptions

- The investment return assumption and single discount rate were changed from 6.5% to 7.0%. Changes in Plan Provisions
  - ♦ An additional one-time direct state aid contribution of \$170.1 million was contributed to the Plan on October 1, 2023.
  - ◆ The vesting period of those hired after June 30, 2010, was changed from five years of allowable service to three years of allowable service.
  - ◆ The benefit increase delay for early retirements on or after January 1, 2024, was eliminated.
  - ♦ A one-time, non-compounding benefit increase of 2.5% minus the actual 2024 adjustment will be payable in a lump sum for calendar year 2024 by March 31, 2024.

#### 2022 Changes

Changes in Actuarial Assumptions

◆ The mortality improvement scale was changed from scale MP-2020 to scale MP-2021.

#### Changes in Plan Provisions

There have been no changes since the prior valuation.

#### 2021 Changes

Changes in Actuarial Assumptions

- The investment return and single discount rates were changed from 7.5% to 6.5% for financial reporting purposes.
- ♦ The mortality improvement scale was changed from scale MP-2019 to scale MP-2020.

#### Changes in Plan Provisions

There have been no changes since the prior valuation.

#### 2020 Changes

Changes in Actuarial Assumptions

- ◆ The price inflation assumption was decreased from 2.5% to 2.25%.
- ◆ The payroll growth assumption was decreased from 3.25% to 3.0%.
- Assumed salary increase rates were changed as recommended in the June 30, 2019, experience study. The net effect is assumed rates that average 0.25% less than previous rates.
- Assumed rates of retirement were changed as recommended in the June 30, 2019, experience study. The changes result in more unreduced (normal) retirements and slightly fewer Rule of 90 and early retirements.
- Assumed rates of termination were changes as recommended in the June 30, 2019, experience study. The new rates are based on service and are generally lower than the previous rates for years 2-5 and slightly higher thereafter.
- Assumed rates of disability were changed as recommended in the June 30, 2019, experience study. The change results in fewer predicted disability retirements for males and females.
- The base mortality table for healthy annuitants and employees was changed from the RP-2014 table to the Pub-2010 General Mortality table, with adjustments. The base mortality table for disabled annuitants was changed from the RP-2014 disabled annuitant mortality table to the Pub-2010 General/Teacher disabled annuitant mortality table, with adjustments.
- The mortality improvement scale was changed from Scale MP-2018 to Scale MP-2019.
- The assumed spouse age difference was changed from two years older for females to one year older.

### General Employees Fund (Continued)

### 2020 Changes (Continued)

Changes in Actuarial Assumptions (Continued)

◆ The assumed number of married male new retirees electing the 100% Joint and Survivor option changed from 35% to 45%. The assumed number of married female new retires electing the 100% Joint and Survivor option changed from 15% to 30%. The corresponding number of married new retirees electing the Life annuity option was adjusted accordingly.

### Changes in Plan Provisions

 Augmentation for current privatized members was reduced to 2.0% for the period July 1, 2020 through December 31, 2023, and 0.0% thereafter. Augmentation was eliminated for privatizations occurring after June 30, 2020.

### 2019 Changes

### Changes in Actuarial Assumptions

The mortality projection scale was changed from MP-2017 to MP-2018.

### Changes in Plan Provisions

The employer supplemental contribution was changed prospectively, decreasing from \$31.0 million to \$21.0 million per year. The State's special funding contribution was changed prospectively, requiring \$16.0 million due per year through 2031.

### 2018 Changes

### Changes in Actuarial Assumptions

- The mortality projection scale was changed from MP-2015 to MP-2017.
- ◆ The assumed benefit increase was changed from 1.0% per year through 2044 and 2.5% per year thereafter to 1.25% per year.

### Changes in Plan Provisions

- The augmentation adjustment in early retirement factors is eliminated over a five-year period starting July 1, 2019, resulting in actuarial equivalence after June 30, 2024.
- ◆ Interest credited on member contributions decreased from 4.00% to 3.00%, beginning July 1, 2018.
- Deferred augmentation was changed to 0.00%, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply.
- Contribution stabilizer provisions were repealed.
- ◆ Annual increases were changed from 1.00% per year with a provision to increase to 2.50% upon attainment of 90.00% funding ratio to 50.00% of the Social Security Cost of Living Adjustment, not less than 1.00% and not more than 1.50%, beginning January 1, 2019.
- ◆ For retirements on or after January 1, 2024, the first benefit increase is delayed until the retiree reaches normal retirement age; does not apply to Rule of 90 retirees, disability benefit recipients, or survivors.
- Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.

### 2017 Changes

### Changes in Actuarial Assumptions

The CSA loads were changed from 0.8% for active members and 60% for vested and non-vested deferred members. The revised CSA loads are now 0.0% for active member liability, 15% for vested deferred member liability and 3% for non-vested deferred member liability.

### General Employees Fund (Continued)

### 2017 Changes (Continued)

Changes in Actuarial Assumptions (Continued)

The assumed annual increase rate was changed from 1.0% per year for all years to 1.0% per year through 2044 and 2.5% per year thereafter.

### Changes in Plan Provisions

- ◆ The State's contribution for the Minneapolis Employees Retirement Fund equals \$16,000,000 in 2017 and 2018, and \$6,000,000 thereafter.
- ◆ The Employer Supplemental Contribution for the Minneapolis Employees Retirement Fund changed from \$21,000,000 to \$31,000,000 in calendar years 2019 to 2031. The State's contribution changed from \$16,000,000 to \$6,000,000 in calendar years 2019 to 2031.

### 2016 Changes

### Changes in Actuarial Assumptions

- The assumed post-retirement benefit increase rate was changed from 1.0% per year through 2035 and 2.5% per year thereafter to 1.0% per year for all future years.
- ◆ The assumed investment return was changed from 7.9% to 7.5%. The single discount rate was changed from 7.9% to 7.5%.
- Other assumptions were changed pursuant to the experience study dated June 30, 2015. The assumed future salary increases, payroll growth, the inflation was decreased by 0.25% to 3.25% for payroll growth and 2.50% for inflation.

### Changes in Plan Provisions

There have been no changes since the prior valuation.

### 2015 Changes

### Changes in Actuarial Assumptions

◆ The assumed post-retirement benefit increase rate was changed from 1.0% per year through 2030 and 2.5% per year thereafter to 1.0% per year through 2035 and 2.5% per year thereafter.

### Changes in Plan Provisions

On January 1, 2015, the Minneapolis Employees Retirement Fund was merged into the General Employees Fund, which increased the total pension liability by \$1.1 billion and increased the fiduciary plan net position by \$892 million. Upon consolidation, state and employer contributions were revised; the State's contribution of \$6.0 million, which meets the special funding situation definition, was due September 2015.

### Police and Fire Fund

### 2023 Changes

Changes in Actuarial Assumptions

- The investment return assumption was changed from 6.5% to 7.0%.
- The single discount rate changed from 5.4% to 7.0%.

### Changes in Plan Provisions

- Additional one-time direct state aid contribution of 19.4 million will be contributed to the Plan on October 1, 2023.
- Vesting requirement for new hires after June 30, 2014, was changed from a graded 20-year vesting schedule to a graded 10-year vesting schedule, with 50% vesting after five years, increasing incrementally to 100% after 10 years.
- ◆ A one-time, non-compounding benefit increase of 3.0% will be payable in a lump sum for calendar year 2024 by March 31, 2024.
- Psychological treatment is required effective July 1, 2023, prior to approval for a duty disability benefit for a psychological condition relating to the member's occupation.
- ◆ The total and permanent duty disability benefit was increased, effective July 1, 2023.

### 2022 Changes

Changes in Actuarial Assumptions

- The mortality improvement scale was changed from scale MP-2020 to scale MP-2021.
- ◆ The single discount rate was changed from 6.5% to 5.4%.

### Changes in Plan Provisions

There have been no changes since the prior valuation.

### 2021 Changes

Changes in Actuarial Assumptions

- The investment return and single discount rates were changed from 7.5% to 6.5% for financial reporting purposes.
- ◆ The inflation assumption was changed from 2.5% to 2.25%.
- ◆ The payroll growth assumption was changed from 3.25% to 3.0%.
- ◆ The base mortality table for healthy annuitants and employees was changed from the RP-2014 table to the Pub-2010 Public Safety mortality table. The mortality improvement scale was changed from MP-2019 to MP-2020.
- ♦ The base mortality table for disabled annuitants was changed from the RP-2014 healthy annuitant mortality table (with future mortality improvement according to scale MP-2019) to the Pub-2010 Public Safety disabled annuitant mortality table (with future mortality improvement according to scale MP-2020).
- Assumed rates of salary increase were modified as recommended in the July 14, 2020, experience study. The overall impact is a decrease in gross salary increase rates.
- Assumed rates of retirement were changed as recommended in the July 14, 2020, experience study. The changes resulted in slightly more unreduced retirements and fewer assumed early retirements.
- Assumed rates of withdrawal were changed from select and ultimate rates to service-based rates. The changes resulted in more assumed terminations.
- Assumed rates of disability were increased for ages 25-44 and decreased for ages over 49.
   Overall, proposed rates resulted in more projected disabilities.
- Assumed percent married for active female members was changed from 60% to 70%. Minor changes to form of payment assumptions were applied.

### Changes in Plan Provisions

There have been no changes since the prior valuation.

### Police and Fire Fund (Continued)

### 2020 Changes

Changes in Actuarial Assumptions

The mortality projection scale was changed from MP-2018 to MP-2019.

### Changes in Plan Provisions

There have been no changes since the prior valuation.

### 2019 Changes

Changes in Actuarial Assumptions

♦ The mortality projection scale was changed from MP-2017 to MP-2018.

### Changes in Plan Provisions

There have been no changes since the prior valuation.

### 2018 Changes

Changes in Actuarial Assumptions

The mortality projection scale was changed from MP-2016 to MP-2017.

### Changes in Plan Provisions

- Annual increases were changed to 1.00% for all years, with no trigger.
- ♦ An end date of July 1, 2048, was added to the existing \$9.0 million state contribution.
- New annual state aid will equal \$4.5 million in fiscal years 2019 and 2020, and \$9.0 million thereafter until the plan reaches 100% funding, or July 1, 2048, if earlier.
- ♦ Member contributions were changed from 10.80% to 11.30% of pay, effective January 1, 2019, and 11.80% of pay, effective January 1, 2020.
- ◆ Employer contributions were changed from 16.20% to 16.95% of pay, effective January 1, 2019, and 17.70% of pay, effective January 1, 2020.
- ◆ Interest credited on member contributions decreased from 4.00% to 3.00%, beginning July 1, 2018.
- Deferred augmentation was changed to 0.00%, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply.
- Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.

### 2017 Changes

Changes in Actuarial Assumptions

- Assumed salary increases were changed as recommended in the June 30, 2016, experience study. The net effect is proposed rates that average 0.34% lower than the previous rates.
- Assumed rates of retirement were changed, resulting in fewer retirements.
- ♦ The CSA load was 30% for vested and non-vested deferred members. The CSA has been changed to 33% for vested members and 2% for non-vested members.
- ◆ The base mortality table for healthy annuitants was changed from the RP-2000 fully generational table to the RP-2014 fully generational table (with a base year of 2006), with male rates adjusted by a factor of 0.96. The mortality improvement scale was changed from Scale AA to Scale MP-2016. The base mortality table for disabled annuitants was changed from the RP-2000 disabled mortality table to the mortality tables assumed for healthy retirees.
- Assumed termination rates were decreased to 3% for the first three years of service. Rates beyond the select period of three years were adjusted, resulting in more expected terminations overall.
- ◆ Assumed percentage of married female members was decreased from 65% to 60%.

### Police and Fire Fund (Continued)

### 2017 Changes (Continued)

Changes in Actuarial Assumptions (Continued)

- Assumed age difference was changed from separate assumptions for male members (wives assumed to be three years younger) and female members (husbands assumed to be four years older) to the assumption that males are two years older than females.
- ◆ The assumed percentage of female members electing Joint and Survivor annuities was increased.
- ♦ The assumed annual benefit increase rate was changed from 1% for all years to 1% per year through 2064 and 2.5% thereafter.
- ◆ The single discount rate was changed from 5.6% per annum to 7.5% per annum.

### Changes in Plan Provisions

There have been no changes since the prior valuation.

### 2016 Changes

Changes in Actuarial Assumptions

- The assumed post-retirement benefit increase rate was changed from 1.0% per year through 2037 and 2.5% thereafter to 1.0% per year for all future years.
- ◆ The assumed investment return was changed from 7.9% to 7.5%. The single discount rate changed from 7.9% to 5.6%.
- ◆ The single discount rate changed from 7.90% to 5.60%.
- The assumed future salary increases, payroll growth, and inflation was decreased by 0.25% to 3.25% for payroll growth and 2.50% for inflation.

### Changes in Plan Provisions

There have been no changes since the prior valuation.

### 2015 Changes

### Changes in Actuarial Assumptions

◆ The assumed post-retirement benefit increase rate was changed from 1.0% per year through 2030 and 2.5% per year thereafter to 1.0% per year through 2037 and 2.5% per year thereafter.

### Changes in Plan Provisions

The post-retirement benefit increase to be paid after attainment of the 90% funding threshold was changed, from inflation up to 2.5%, to a fixed rate of 2.5%.

### Post Employment Health Care Plan

### 2023 Changes

### Changes in Actuarial Assumptions

- ♦ The discount rate was changed form 1.84% to 4.05% based on updated 20-year municipal bond rates.
- Healthcare trend rates were reset to reflect updated cost increase expectations.
- Medical per capita claims costs were updated to reflect recent experience.
- ◆ Mortality rates were updated from the rates used in the 7/1/2021 PERA General Employees Plan and 7/1/2021 PERA Police & Fire Plan valuations to rates used in the 7/1/2022 valuations.
- ◆ The percent of future Police & Fire retirees assumed to elect coverage at retirement changed form 10% to 20% to reflect recent plan experience.
- ◆ The percent of future disabled in line of duty retirees assumed to elect spouse coverage at retirement changed from 75% to 60% to reflect recent plan experience.
- ◆ The percent of future non Medicare eligible retirees electing each medical plan changed to reflect recent plan experience.
- The inflation assumption was changed form 2.25% to 2.50% based on an updated historical analysis of inflation rates and forward-looking market expectations.
- ◆ The payroll growth assumption was changed form 3.00% to 3.25% based on the 7/1/2022 PERA valuations.

### 2022 Changes

### Changes in Actuarial Assumptions

The discount rate was changed from 2.00% to 1.84% based on updated 20-year municipal bond rates.

### 2021 Changes

### Changes in Actuarial Assumptions

- The discount rate was changed from 2.75% to 2.00% based on updated 20-year municipal bond rates.
- Healthcare trend rates were reset to reflect updated cost increase expectations.
- Medical per capita claims costs were updated to reflect recent experience and new plan offerings, including an adjustment to reflect age/gender based risk scores published by the Society of Actuaries.
- Withdrawal, retirement, mortality, disability, and salary increase rates were updated from the rates used in the 7/1/2018 PERA General Employees Plan and 7/1/2018 PERA Police & Fire Plan valuations to the rates used in the 7/1/2021 valuations
- The precent of future non Medicare eligible retirees electing each medical plan changed to reflect recent plan experience and new plan offerings
- ◆ The inflation assumption was changed from 2.5% to 2.25% based on an updated historical analysis of inflation rates and forward-looking market expectations
- The participation assumption for current retirees was changed to assume that current retirees over age 65 will cease health plan participation.

### Changes in Plan Provisions

- Retiree premiums were updated to current levels.
- Explicit subsidy active contribution rates were updated for current levels.

Post Employment Health Care Plan (Continued)

### 2020 Changes

Changes in Actuarial Assumptions

♦ The discount rate was changed from 3.71% to 2.75% based on updated 20-year municipal bond rates.

### 2019 Changes

Changes in Actuarial Assumptions

- ◆ The discount rate was changed from 3.31% to 3.71% based on updated 20-year municipal bond rates.
- Health care trend rates were reset to reflect updated cost increase expectations.
- Medical per capita claims costs were updated to reflect recent experience and new plan offerings.
- Mortality, withdrawal, retirement, and salary increase rates were updated to the rates used in the July 1, 2018, PERA General Employees Retirement Plan and July 1, 2018, PERA Police and Fire Plan actuarial valuations.
- ◆ The percent of future non Medicare eligible retirees electing each medical plan changed to reflect recent plan experience and new plan offers.
- ◆ The inflation assumption was changed from 2.75% to 2.50% based on an updated historical analysis of inflation rates and forward-looking market expectations.

### Changes in Plan Provisions

- Retiree premiums were updated to current levels.
- Explicit subsidy active contribution rates were updated for current levels.

# Albert & Lea

COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES

### City of Albert Lea Governmental Funds

### Nonmajor Special Revenue Funds

Special revenue funds are established to account for specific revenue or other sources that are designated for financing particular functions or activities as required by deferral regulations, *Minnesota Statute*, City charter provisions, local ordinances, or specific grant agreements. Most of the special revenue funds are related to specific federal and state housing programs or grants for specific activities.

### Nonmajor Capital Projects Funds

Capital project funds are established to account for the resources used for the acquisition of capital facilities and infrastructure for the City with the exception of those financed by the enterprise funds.

### Debt Service Funds

The Debt Service funds are established to account for the collection of ad valorem taxes, special assessments, and tax increment revenue transfers as well as the payment of principal and interest of general long-term debt.

### **Proprietary Funds**

### Internal Service Funds

Internal Service Funds are established to finance and account for services and/or commodities furnished by a designed program to other programs within the City. Revenue to these funds is derived from charges to user departments in various operational funds of the City.

### City of Albert Lea Nonmajor Special Revenue Funds

Special revenue funds are established to account for specific revenue or other sources that are designated for financing particular functions or activities as required by deferral regulations, *Minnesota Statute*, City charter provisions, local ordinances, or specific grant agreements. During the year, the City had the following Nonmajor Special Revenue Funds:

Police Forfeitures - This Fund accounts for forfeiture revenues and expenditures through law enforcement investigation and confiscations as permitted by *Minnesota Statutes*.

Economic Development Revolving - This Fund accounts for the revolving activity relating to economic development.

Small Cities - 2016 Grant - This Fund accounts for the revenues and expenditures associated with the applicable 2016 Small Cities Grant.

1999 Small Cities Grant - This Fund accounts for the revenues and expenditures associated with the applicable 1999 Small Cities Grant.

Senior Center - This Fund accounts for the revenues and expenditures associated with the Senior Center activities.

Airport - This Fund accounts for the revenues and expenditures associated with the City's airport activities.

Economic Development - This Fund accounts for the activity surrounding economic development.

Housing Development - This Fund accounts for the City's housing and redevelopment activities.

Blight/Hazardous Mitigation - This Fund accounts for the City's activities related to blight and hazardous mitigation.

Fire Pension - This Fund accounts for the City's fire department monies received from the State in prior years for overfunded pensions and restricted to be used for public safety expenditures.

Police Pension - This fund accounts for the City's police department monies received from the State in prior years for overfunded pensions and restricted to be used for public safety expenditures.

#### STATISTICAL SECTION (UNAUDITED)

CITY OF ALBERT LEA ALBERT LEA, MINNESOTA

FOR THE YEAR ENDED DECEMBER 31, 2023

#### City of Albert Lea Statistical Section (Unaudited)

This part of the City of Albert Lea's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

#### Financial Trends

These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.

- Table 1 Net Position by Component
- Table 2 Changes in Net Position
- Table 3 Fund Balances of Governmental Funds
- Table 4 Changes in Fund Balances of Governmental Funds
- Table 5 Program Revenues by Function
- Table 6 Governmental Activities Tax Revenue by Source

#### Revenue Capacity

These schedules contain information to help the reader assess the government's most significant local revenue source, property taxes.

- Table 7 Property Tax Levies and Collections
- Table 8 Certified Special Assessment Collections
- Table 9 Tax Capacity and Estimated Value of Taxable Property
- Table 10 Property Tax Rates and Tax Levies Direct and Overlapping Governments
- Table 11 Principal Property Taxpayers

#### Debt Capacity

These schedules present information to help the reader assess the affordability of the government's current level of outstanding debt and the government's ability to issue additional debt in the future.

- Table 12 Ratios of Outstanding Debt by Type
- Table 13 Ratios of Net General Bonded Debt Outstanding
- Table 14 Legal Debt Margin Information
- Table 15 Computation of Direct and Overlapping Debt
- Table 16 Schedule of Water Fund Bond Coverage
- Table 17 Schedule of Sewer Fund Bond Coverage

#### Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.

- Table 18 Demographic Statistics
- Table 19 Top 10 Water System Customers
- Table 20 Principal Employers
- Table 21 Full-Time Equivalent Employees by Function
- Table 22 Capital Asset Statistics by Function
- Table 23 Operating Indicators by Function

### City of Albert Lea, Minnesota Statistical Section (Unaudited) Computation of Direct and Overlapping Debt

Table 15

	Net Debt utstanding	Percentage Applicable to City of Albert Lea	City of Albert Lea's re of the Debt
Jurisdiction			
Direct			
City of Albert Lea	\$ 17,514,013	100.00 %	\$ 17,514,013
Overlapping			
School District #241	33,260,448	43.10	14,335,411
County of Freeborn	9,390,000	22.30	2,094,349
Shell Rock River Watershed	1,053,339	22.59	237,997
Total overlapping debt			 16,667,757
Total direct and overlapping debt			\$ 34,181,770

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City of Albert Lea. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Albert Lea. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt of each overlapping government.

The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimates by determining the portion of the county's taxable assessed value that is within the government's boundaries and dividing it by the county's total taxable value.

Source: Assessed value data used to estimate applicable percentages provided by Freeborn County Auditor/Treasurer debt outstanding data provided by Freeborn County.

### City of Albert Lea, Minnesota Statistical Section (Unaudited) Schedule of Water Fund Bond Coverage Last Ten Fiscal Years

Table 16
